to all the vendors and visitors who made this year's Dogwood Festival such a success. We look forward to a bigger and better festival next year and hope to see you at this year's Heritage Festival Oct. 8.

Renew Cannelton, Inc. has a desire to revitalize its historic buildings, reinvigorate the Can Clay site, identify local assets, determine the future of those assets, and drive economic development within the community including but not limited to retail establishments with the ultimate goal of becoming a sustainable community. Change starts with action; change methodology demands a process to ensure a successful outcome. True change occurs when those impacted stakeholders have a voice in change, even if resistance continues.
