JANUARY 2023 Issue

From all of us with Renew Cannelton, Inc. we want to wish you and your family a safe and prosperous 2023!!!

Happy New Year!

YOUR HELP IS NEEDED NOW!!

We are looking for volunteers who understand that our historic assets which make our city unique are essential to our economic revitalization and that demolition of those assets is catastrophic to that effort. Join us to save our historic city.

AIA RECOMMENDATIONS

6. Use Cannelton's history to create places people will want to visit by first showing that you care for the resources you have. The charm evident in Cannelton's historic downtown combined with a redevelopment strategy that takes advantage of its character and historic themes can create the draw Cannelton is striving for.
7. Look to higher education resources to assist with developing a concept, rooted in Cannelton's character and historic themes, that can be implemented as small "bite-size" projects as funds are available or just with volunteers. Encourage them to base the projects on the historical and natural elements that are essential for retaining and strengthening Cannelton's character. This can include efforts such as wayfinding signage, pots, plants, artists pieces and more.
